

Possible Funding Sources for Paediatric Mobility Devices

This List contains the names and addresses of charities which have recently supplied funding to assist in the purchase of Theraplay products. The availability of funding cannot be guaranteed and the level of assistance can vary depending upon circumstances. This List is only a guide to possible sources of funding; other possible contacts include the Round Table and Lions Club organizations that raise funds for local support activities.

It is very important to involve your therapist in the assessment process. Most charities will require supporting information from a therapist when an application is made.
